

GSA 2017 Overview and Range Event Schedule

- **Pistol Pit Orientation 4/29 and 4/30 (REQUIRED to use the Pistol Pit)**

You can come down anytime between 9 am and 2 pm either day and we will walk you through the rules and provide information about the 2017 event schedule. (Orientation will take about 45 minutes)

- **Rifle Range Orientation 4/29 and 4/30**

Review of range rules. Especially for new members! (no changes for 2017) Review of the new target frame and stand system. This is all new for 2017 and a 5 minute review will go a long way.

We welcome participants of all skill levels and have staff available to assist with those less experienced. These events are intended to be fun for all those who participate.

If you are new to Action Shooting and would like to give it a try, please contact us. We will be happy to review your current equipment and can usually provide loaner equipment if necessary.

Man on Man Plate Shoot - Two Shooters come to the firing line, at the start signal both shooters begin firing, the first to knock down the 6 plates on the plate rack and the cross over popper wins. Based on the number of participants, we typically run 2 or 3 practice rounds and then 3 to 5 elimination rounds. Shooters are then divided into 2 classes based on skill level. Magazine capacity is limited to 10 rounds – no limit on the number of magazines. The recommended amount of ammo is 150 rounds. NO Magnum Cartridges Allowed! *Range Fee: Members \$5.00, Non-Members \$10.00.*

Action Pistol Practice - This is not a competition. We will be practicing the skills needed for improving your **Action Shooting**. Draw, Transitions, Shooting on the move, speed drills, reloads. Instructor(s) will be present to provide assistance. Targets include: falling plates, poppers, steel challenge and USPSA cardboard. *Range Fee Members and Non-Members \$10.00.*

Man on Man Action Pistol - This is a ton of fun! It's like a plate shoot on steroids. There are two identical stages that the competitors run simultaneously. The first shooter to complete the stage wins. Based on the number of participants we typically run 1 or 2 practice rounds and then 3 to 5 elimination rounds. Shooters are separated based on equipment classification. Divisions include: **Open** (optics and compensators) and **Limited** (Iron Sights) for pistols and revolvers. Minimum of 1 reload is required for all divisions. Maximum magazine capacity is 10 in **Limited Division**, no limit on the number of magazines. Approximately 30 rounds of ammo per stage. Recommended ammo to shoot the event is 200 rounds minimum. NO Magnum Cartridges Allowed! *Range Fee Members and Non-Members \$20.*

3-Gun Match - We setup a stage that consists of a Pistol, Rifle and Shotgun portion. Usually 20 to 30 pistol targets out to 25 yards, 10 rifle targets at distances out to 200 yards and 8 shotgun targets out to 20 yards. We utilize the USPSA scoring system, so your final

score will be a combination of time and points scored. The winner will be the competitor with the highest hit factor. Hit factor is the total number of points scored per second. Based on the number of participants we run at least 1 practice round and then 2 or 3 scoring rounds. Shooters are separated based on your pistol's classification. Divisions include: **Open** (optics and or compensators) and **Limited** (Iron Sights). A minimum of one reload is required for all divisions. Maximum magazine capacity: 10 rounds per magazine in limited division, unlimited number of magazines allowed. No restrictions on shotgun capacity. Shot sizes allowed: #7.5, #8 or #9 ONLY. A scoped rifle is recommended. Approximately 50 rounds per stage, recommended ammo 200 rounds minimum. NO Magnum Cartridges Allowed! *Range Fee Members and Non-Members \$20.*

Day of Week	Month	Month	Day	Course of Fire	Allowed Firearms	Start Time		End Time		Location
Monday	4	April	17	Man on Man Plate Shoot	Centerfire Pistol or Revolver	6:30	pm	9:00	pm	Upper Range
